We're killing ourselves and we don't even know it  
Abandoning progress to defend what we are  
When politics and morality become one  
Momentum is done  
Electing their downfall because of their values  
Denying their progress in the name of their god  
Let there be no more separation  
Your candidates chosen by congregation

A toll on both fronts  
A plague on both your houses  
We're left to decide  
Between false hope and lies

Condemning America to a death sentence  
Backwards thought cancels forward motion  
The halt is here and we try to push on but  
The shove on the other side won't let it go

A toll on both fronts  
A plague on both your houses  
We're left to decide  
Between false hope and lies

Burn the bridges between them  
Burn them down  
Burn down  
Burn the bridges between them  
Burn them down  
Burn down

"As employment rates fall, a rise has been seen in rates of Crime, poverty, and suicide. The unemployment rate has been At an all time high for the past 6 months, and there has been a 35% Increase in violent crime, and a 6% increase in reported suicides."

Let it go, let it go  
Let go, let go

Let go of the union  
Of morals  
And politics

Let it go, let it go  
Let go, let go  
Let it all slip away

A toll on both fronts  
A plague on both your houses  
We're left to decide  
Between false hope and lies

Burn the bridges between them  
Burn them down  
Burn down  
Burn the bridges between them  
Burn them down  
Burn down

Burn down  
Burn down  
Burn down  
Burn down  
Burn down  
Burn down  
Burn down  
Burn down  
Burn down  
BURN
