"Destroying The Future"

Visit "[Destroying The Future](#)" on MotoLyrics.com

Got a hole in my head
All my thoughts just fall right out
I don't bother I don't care
I'm just fine and unprepared
You wanna know what it's like
You don't wanna know what it's like

Mirror lies, shows my pain
Hate you all you're just the same
Break my spirit ruin my health
Destroying the future for myself
You wanna know what it's like
You don't wanna know what it's like

I got a whole lot of nothing to say
I have an empty feeling as well
I guess I've wasted too much time
Might as well just get on with my life

Hopeless and so insecure
Listened to what you said too much
All my life I heard your shit
Fucking ready to destroy it

I got a whole lot of nothing to say
I have an empty feeling as well
I guess I've wasted too much time
Might as well just get on with my life

You wonder why everyday you see
Another school shot up on the TV
Another mall turned into a warzone
Another way to sell your soul through the phone
And a brand new car to drive to work
To hate your boss and hate yourself
To live your life like everyone else
Pissed off as fuck and ready to kill

I got a whole lot of nothing to say
I have an empty feeling as well
I guess I've wasted too much time
Might as well just get on with my life
