I made you
I gave you
Life and breath
I'll take you
I'll rape you
It's my right
Predator
Created my own prey
I brought you here
So I shall act my will

In the basement
Under the floor
Only world for you
Concrete tomb
Know nothing
Pain is all
Father figure of death
Feelings aren't there
The more I see you
The more I need to act

Deviate
Deviant
Worse than death
Worse than death

Is there sunshine
Is there a planet
Outside of here
No there's not
So just stay
And be my prize
Flagellate
Fornicate
Procreate
You are my child
You will bear a child
My child as well

Deviate
Deviant

Worse than death
Worse than death
Is there more to life than endless torture? (not for you)

24 years in the hole
Lost your sanity and soul
Dirty and depleted
Beg for death already
7 children born
Born of the child as well
Prisoner of mine
I have created hell

Deviate
Deviant
Worse than death
Worse than death
Is there more to life than endless torture? (not for you)

Not for you
Not for you
Not for you
