Bad things happened here
Can't stand being here
Must go now
Must go now

Bad bad ground
Bad bad ground
Standing on the dead
Bad GROUND

Ignore the repressed thoughts
Piercing through my skull
Can't stay around
Can't stay around

Bad bad ground
Bad bad ground
Standing on the dead
Bad GROUND

Shove it back down again
Ignore what was done
Hide
Hide

Bad bad ground
Bad bad ground
Standing on the dead
Darkness from the past
Bad bad ground
Bad bad ground
Staring down the memory
Bad GROUND
