My world is falling to pieces  
My world is dead and lost  
My world is rotting and burning  
My world's buried in a layer of frost

Step inside my world  
Everything's frail and lost  
My world is gone  
My world is gone

My hopes are beat and blank  
My truths turned out as fakes  
My life was a distant dream  
My world isn't what it seems

Step inside my world  
Everything's frail and lost  
My world is gone  
My world is gone

My world has died again  
My world's a skeleton  
My world has no friends  
My world met a bitter end

My world is DEAD

Step inside my world  
Everything's frail and lost  
My world is gone  
My world is gone  
Step inside my world  
Everything's frail and lost  
My world is gone  
My world is gone  
My world is gone  
My world is gone  
My world is gone  
My world is gone
