1. Depersonalized

The world I disowned so long ago
Has come back to eat me alive
Forced to surrender to the future I feared
I can't take it much longer here

I don't want the attention I used to long for
The lights now burn me like the sun
Go away

I suppose I've sealed my own fate
Never imagined it would be like this
All of the eyes I used to want watching
Now glaring like a curse with a death stare

I don't want the attention I used to long for
The lights now burn me like the sun
Go away

Strange how the table's turned
What I dreamed of now drives me mad
Fucking hate this position I'm in
I don't want your admiration
I hate how you idolize me
I only wish for isolation

I don't want the attention I used to long for
The lights now burn me like the sun
I don't want the attention I used to long for
The lights now burn me like the sun
Go away
Go away
Go away

2. Hivemind

You can't even think for yourself
So why the fuck do you represent me
No you don't
You just shut your mouth and let

The congregation speak for you
Your brain's just there to keep
Your fucking head from collapsing

You've got no integrity
You don't stand for what you claim to
You just do the talking
And the hivemind does all the thinking

How can you be so assured
With your suit and smile and malice
Fuck you
You don't have any big ideas
All you've got is your party's ideals
You're just a face to deploy
Some worthless mission statement

You've got no integrity
You don't stand for what you claim to
You just do the talking
And the hivemind does all the thinking

You got shit for brains and no sincerity
You got lobbyist trust and thought crime policies

You've got no integrity
You don't stand for what you claim to
You just do the talking
And the hivemind does all the thinking
Yeah you're just the face of politics
Yeah you're just the face of politics
You are just the face for politics
You're a worthless piece of shit

3. Uncertainty

Can I trade what I have amassed
For just one calm and uneventful moment
Another chance to make sense
Of this depleted run

I'm melting down
There's no more source to drain
And I've given up
Black the sky

Can I bargain for something I need
A tranquil sign in a hailstorm
A glimpse of stability
In these dreadful times

I'm melting down
There's no more source to drain
And I've given up
Black the sky

4. Symptom of the Universe (Black Sabbath Cover)

Take me through the centuries to supersonic years
Electrifying enemy is drowning in his tears
All I have to give you is a love that never dies
The symptom of the universe is written in your eyes

Mother mooch is calling me back to her silver womb
Father of creation takes me from my stolen tomb
Seventh night the unicorn is waiting in the skies
A symptom of the universe, a love that never dies

Take my hand, my child of love come step inside my
tears
Swim the magic ocean I've been crying all these years
When our love will ride away into eternal skies
A symptom of the universe, a love that never dies

Oh my child of love's creation, come and step inside
my dreams
In your eyes I see no sadness, you are all that loving
means
Take my hand and we'll go riding through the sunshine
from above
We'll find happiness together in the summer skies of
love

5. Pagan Love Song (Acid Bath Cover)

Dying felt so goddamn good today
If I was ever alive well it's hard to say
It was kissing my eyelids and burning my face away
Dying felt so goddamn good today

We dance the electric Pagan Love Song
We hunt with the children paling in the catacombs

Eating dead flowers bleeding in a strange daze
I was cutting throats and eating tears
Smiling in a ruined age
Douse my love everything with gasoline
Grave flower blooms at your red light death scene

We dance the electric Pagan Love Song
We hunt with the children paling in the catacombs

Trippin on real blood in strange sunshine
Have you felt such weight upon your eyes
Sister I been trippin' in your sky
I woke up adrift in a Technicolor bliss
Ten million miles high
I'm a Christian zombie by daylight
Satan, he come trippin round midnight

Circle jerkin redneck truckers dream
You scream, I scream
Everybody screams for morphine
I won't love you, mama, I just fiend your morphine
Your morphine
We send, the love, to the skull

I am the mother, the father, the killer
Forever and ever all right
I am the shapeless, the deathless, remorseless
Forever and ever tonight
I'm feelin' hollow again
I am the mother, the father, the killer of light
I'm gonna cut you motherfucker, God's cocksucker
All right
