No, no backing down
No backing out
No turning back
You're going down
No backind down
No ducking out
No running away
GOING DOWN

It's too late to turn back
Shouldn't run your mouth like that
Too bad if you can't stand up for yourself
You aren't getting any help

No, no backing down
No backing out
No turning back
You're going down
No backind down
No ducking out
No running away
GOING DOWN

No, no backing down now
No, no backing down now
No, no backing down now
No, no backing down now

No, no backing down
No backing out
No turning back
You're going down
No backind down
No ducking out
No running away
YOU'RE DEAD!
