"Nothing"

I starve for
Your attention
When you stare dead
And turn away
Cause I long for
The pursuit of
A better future
For myself

I just want
What I can't get
And I'll never have

Dare I ask for
Certain closures
And convictions
To a lie
With such hopeless
Needs and longing
I will let you
Pass me by

I just want
What I can't get
And I'll never have
Cause we try too hard
And we crash course

When I'm not sure
Circumstances
Have their own way
Fuck me over
I can wish and
Have desires but
They don't matter
In reality

I just want
What I can't get
And I'll never have
Cause we try too hard

And we crash course

What do I get?

I get nothing

I get nothing

Not one thing
