It seems that I am one of a kind
No matter what they always seem to remind
I'm always that odd man out
I'm outcasted without a reason or doubt

Lost and lonely
Stuck and bony
Fucked up and phony
Oddman, only

You may call me whatever you want
Odd, strange, wierd, crazy, queer
You can call me whatever you wish
It's to the point I can't give a shit (oddman)

Lost and lonely
Stuck and bony
Fucked up and phony
Oddman, only

Oddman only
Oddman only
Oddman only
