"The Slow And Painful"

Visit "[The Slow And Painful](#)" on MotoLyrics.com

We're gathered here today
To mourn the death of free speech
The government will edit your beliefs

They'll censor what you say
The facts and truth hidden away
Go buy the lies on display

So fuck everything that you stand for
I WILL SPEAK MY MIND, MIND, MIND GODDAMMIT

The carving on the tomb
We're left to live with lies and doom
Now we hope an end's coming soon

I WILL SPEAK MY MIND, MIND, MIND GODDAMMIT

Such an honorless, slow, painful demise
Such an honorless, slow, painful demise
Such an honorless, slow, painful demise
Such an honorless, slow, painful demise
