There's no dream
There's no hope
Invest in death
Invest in death
Follow no one
Hear nothing
Build your walls
Build your walls

Divided and confused
We write our messages and
Keep it to ourselves
Keep it for ourselves
United by disgust
United by frustration
Keep your burning flag
Fuck your empty nation

Watch them preach
Watch them flood
Empty propaganda
Lies and slander
Deny all their plans
Deny their religions
Listen to yourself
Believe in yourself

Divided and confused
We write our messages and
Keep it to ourselves
Keep it for ourselves
United by disgust
United by frustration
Keep your burning flag
Fuck your empty nation

"It is necessary in these times to obey and trust in our
leaders"

"Well I would have to say fuck you"

Stale economy
Loss of production

Seperate the class
Self destruction

Divided and confused
We write our messages and
Keep it to ourselves
Keep it for ourselves
United by disgust
United by frustration
Keep your burning flag
Fuck your empty nation
