We put in trust and we got nothing
We believed for far too long
You took us all for fools and we were
Voice has been stolen yet again

We are the people
We've been ignored
We are the doomed ones
Voiceless and powerless

We thought they had our best interests in mind
The next thing we knew we were deaf, mute, and blind
Fucked over for the thousandth time
We're abused, ignored, and defiled

We are the people
We've been ignored
We are the doomed ones
Voiceless and powerless
We are the people
We've been ignored
We are the doomed ones
Voiceless and powerless

They kill the ones who dare to think
They silence those with a voice to speak
They run their pride shit through us all day
Expecting us to follow and obey
We thought they had our best interests in mind
The next thing we knew we were deaf, mute, and blind
Fucked over for the thousandth time
We're abused, ignored, and defiled

We are the people
We've been ignored
We are the doomed ones
Voiceless and powerless
We are the people
We've been ignored
We are the doomed ones
Voiceless and powerless
