Bye bye my love
I'll see you around
Bye bye my love
I'm leaving town

Don't know what come over you
It's time we are through
Keep on with your blame play
I've just got to get away

Bye bye my love
Yes I'll see you around
Bye bye my love
I'm moving to higher ground

No I'm not waiting
Or anticipating
All I know today
I've just got to get away

Bye bye my love
Yes I'll see you around
Bye bye my love
I'm moving to higher ground

No I'm not waiting
Or anticipating
All I know today
I've just got to get away

Bye bye my love
Yes I'll see you around
Bye bye my love
Yes I'm moving to higher ground

Bye bye my love
I surely see you around
Said bye bye my love
Yes I'm leaving this town
