Can't you see that I love you  
Please don't break a heart in two  
Can't you see, can't you see, that I love you so  
And I'll never, I'll never, I'll never let you go

Squeeze me baby, with all your might  
Hold me baby, very tight  
Can't you see, can't you see, that I love you so  
And I'll never, I'll never, I'll never let you go

No matter what they say or do  
I'll always be loving you  
Want you to understand  
You will always be my lovin' man (2x)

Can't you see that I love you  
Please don't break a heart in two  
Can't you see, can't you see, that I love you so  
And I'll never, I'll never, I'll never let you go  
No, I'll never, I'll never, I'll never let you go
