I'm standing here, on the outside of your love.
Trying to get through to the only girl I'm dreaming of.
Life is so cold, I don't want to go on with out you, you
girl.

What happened to the time, the one could take my
place.

What happened to the love only God could have
erased?

So I am back, into your heart let me in, cause I need
you, love you.

Chorus

Knock, knock who's there?

Standing on the outside (won't you let me into your
heart)of your heart

Knock, knock open up your heart, cause I need you love
want your love.

I tried to find a locksmith, to make me a key he said
this kind of thing is even new to me. You've got to
find another way, to get into her heart and stay.
Because she needs you and wants you. If you can
touch me
way down deep inside, then you can see the reasons,
the reasons i can seem to hide.

Girl don't be shy, can i help make up your mind,
because I need
you and love you.

Chorus

Knock, knock who's there?

Would somebody please let me into her heart?

Knock, knock open up your heart, cause I need you love
want your love.
