Once there was a man whose head  
Produced a voice like a blanket of lead  
And when he'd start to coment  
A thousand thoughts would suffocate

And once there was a man who stood  
He nailed his feet into the wood  
And when you try to circumscribe  
You can't get past his distribe

One way, my way  
What I say goes  
My opinion is fact  
And if you react  
Then it's going to come to blows

Once there was a man whose fist  
Hung from his tongue  
Like a hideous cist  
And now ideas might conflict  
Were beaten up by his retorict

One way, my way  
What I say goes  
My opinion is fact  
And if you react  
Then it's going to come to blows
