Well I jumped out of the nest and I settled in her hair
Hey hey, why should you care?
I set up house in the acne and the bleach
Hey hey, just let me roost in peace
Let me roost in peace, I've designed my own lease
So I can roost in peace

And the kinfolk said "Erik move away from there"
Hey hey, why should they care?
I eat when I want and I sleep when I please
Hey hey, just let me roost in peace
Let me roost in peace, I've designed my own lease
So I can roost in peace

Don't need no advices. Leave me to my vices.

And she set up shop with a skinny millionaire
Hey hey, why should I care?
I soon found out I was the neighbour of the beast
Hey hey, I can't roost in peace
I can't roost in peace. I wanna break my lease.
I can't roost in peace
