Upon wings of black

Into the night sky

To spread fear and hatred and human disease

Buried now exhumed arise from the pit

As worms and maggots fall from decaying flesh

Transform rotten corpse to demon

I'm your savior now I'm your lord

Reanimated selfishly

Arise evil one kill for me

Transform rotten corpse to demon

I'm your savior

Now I'm your lord

Arise demon

Off into the midnight sky

Arise evil rise
