Mind of chaos sorrow  
This within my blood  
Life of sickness evil  
This within my blood  
Cannot see what lies ahead  
When moon is gone and the sun is dead  
Cannot fly with broken wings  
As darkness encompasses all things  
Something inside of me has died  
Or ceases to exist  
I walk this earth alone  
Evil demons rule my life  
Evil inside torment my life  
Evil inside  
Controlling my life  
Cannot escape what is within my blood  
Cannot escape what is within my blood  
Evil demons now control my life
