How can I have you so close yet you be so far  
Such bumpy roads you're the only one in my heart  
And I see the way you look at him  
It just tears me up from within

And I just don't know what to do  
And call it crazy but I think I may love you  
And you're so beautiful you always make me smile  
You make my time worth while

I saw you drift away and now I'm all alone  
I tried the right path it just wasn't shown  
So good luck with your new boyfriend  
Thought we had something special till the end

And I just don't know what to say  
And call it insane but I think about you everyday  
And we were so close and now I need you most  
I was so fucking close  
OH YEAH
