I could've never dreamt that there would be a girl like
this
And I'd never think to wish a better friend then her
How could it come to this
Where I'd have the chance to kiss
The greatest girl I know

You see the way I look at her
Please not this time
Show yourself a friend I just want her to be mine
Give a chance just a little bit of time
And I swear to you it will be worth the while
Swear to you I'll go the extra mile
(I gotta find a way)
Gotta find a way
To make this work out
There's gotta be a way
Leave my self doubt
Behind in yesterday
Keep the hurt out
I think I found the way
Found a way

Such an awesome girl
You came straight into my world
Since then things haven't been the same
Always crack a smile when I hear your name

Couldn't ask for anyone better
Seems like nothing else matters
Give me some time
Just give me a chance
And I swear to you it will be worth the while
Swear to you I'll go the extra mile
(I gotta find a way)
Gotta find a way
To make this work out
There's gotta be a way
Leave my self doubt
Behind in yesterday
Keep the hurt out

I think I found the way
Found a way
