Hatred consuming me  
Feeling no sympathy  
Worthless your life to me  
Going through emotions you can't conceive

It's about to break  
(I'm breaking)  
Break

Sadness; apart of me  
Fighting; you always win  
Feeling; these words are gone  
Blameless; I was betrayed

Sadness, fighting, feeling, blameless  
Going through emotions you can't conceive

Your eye; punish me  
My thoughts; broken dreams  
Falling; from the shame  
Fading; your thoughts of me

Your eyes; my thoughts; falling; fading  
Going through emotions you can't conceive
