(Brendan "Brush" Shiels)

This whole thing about her just drives me wild.
Everything she do, she do with style.
Walk and talk, it keeps you on the ball.
An awful lot of woman is my woman child.
Makes you wanna shout "Show wee".
Only thing she knows is love.
There ain't no doubt, she belongs to me.
She's the only woman I'm thinkin' of.

She's all heart, she got a sweet disposition.
She makes love in any position.
She's much more than just a pretty smile.
An awful lot of woman is my woman child.
Makes you wanna shout "Show wee".
Only thing she knows is love.
There is no doubt, she belongs to me.
She's the only woman I'm thinkin' of.

Something about her just drives me wild.
Everything she do, she do with style.
Walk and talk, it keeps you on the ball.
An awful lot of woman is my woman child.
Makes you wanna shout "Show wee".
Only thing she knows is love.
There is no doubt, she belongs to me.
She's the only woman I'm thinkin' of.
She's the only woman I'm thinkin' of.
The one and only woman I'm thinkin' of.
