Hey, six foot one and lonely
Dressed in spaghetti rags
Standing at the bus stop
With her alligator bags

What can you do?
No, no, no, what can I do?
I better see a doctor
'Cause I think I'm getting hooked on you

But I ain't much for talkin'
But all I got to say is

Here I am
Close your eyes and I'll be Superman
Here I am
Come on take my lovin' while you can

She broke a million hearts
On 2nd Avenue
With her German cigarettes
And designer attitude

What can you do?
Well no, no, no, what can I do?
My love's been goin' blind
Since the first time I laid eyes on you

Ain't much for conversation
But I got to let you know

Here I am
Close your eyes and I'll be Superman
Here I am
Well come on take my lovin' while you can

No, no, no, yeah
You don't need a crystal ball
To see she's got it all yeah

Hey, here I am
Close your eyes and I'll be Superman

Here I am
Come on take my lovin' while you can
What do you say?

Here I am
Close your eyes and I'll be Superman, say
Here I am
Come on take my lovin' while you can
