You've got the power to make me feel
Like I don't know if I'm standing
On my head or my heels.
I can depend on you
And I'll always attempt to.
It makes me happy when you're by my side.
You're not just a straight forward broad.
All the guys say you're something else.
And I'm gonna keep you all for myself.

You've got a mother that's so unreal.
All nonsense of another freak horse bill.
I can lean on you
And I always mean to.
You're everything a man could need.
A remedin' high with controlled speed.
All the guys say you make they're everything mate.
I gonna keep you all for myself.

Can't think of any other way,
I gotta spend my time there with you.
And you're always gonna hear me say
How lucky I am to get you.
Who would have thought out of all the guys I know
I should be here listening to your heart go?
And I'm still having you all to myself.

Dancing in every corner,
I couldn't live without her,
I wouldn't even try.
Fortunately I know that everything we do
Last untill we're through.
I would never change a thing
Under her thick cobbler spring.
And all of the time it's filling
When I am weary.
Never wanted to wake up
For the fear that we should break up,
Never to see each other again or live like that.

Happily I know that
She would not ever leave me, nor grieve me.
Now, who could ask for more than that?

Can't think of any other way
I'd rather spend my time than with you.
And you're always gonna hear me say
How lucky I am to get you.
Who would have thought out of all the guys I know
I should be here listening to your heart go?
And I'm still having you all to myself.
