We born for sacrifices
Our existence justified in our fear of a god
A faceless deity

And every voice will speak in tongues
Now let us taste his flesh and drink of his blood
In hopes of immortality

We are the dead
The faithless
The damned
We'll save ourselves

We are the dead
The faithless
The damned
We'll save ourselves

We are gathered here tonight
To bear witness to the slow decline
Of humanity
We've brought this on ourselves

Like lambs to the slaughter
Blinded by herd mentality
We fall in line
And beg for their forgiveness

We are the dead
The faithless
The damned
We'll save ourselves

We are the dead
The faithless
The damned
We'll save ourselves

A faithless judgment looks away
We are the damn
Sit tighter in setter

A faithless judgment looks away
We are the damn
Sit tighter in setter

[Break]

We are the dead
The faithless
The damned
And we'll save ourselves

We are the dead
The faithless
The damned
And we'll save ourselves

A faithless judgment looks away
We are the damn
Sit tighter in setter

A faithless judgment looks away
We are the damn
Sit tighter in setter
