"Forever Abandoned"

Wrists are severed
The deepest cuts are traced in red
So beautiful
The separation of her flesh
From the razor
Feeling a pain she's never known
Like broken glass
Draining the blood that's running cold
She tasted eternity
It's kiss like a last goodbye
As she's taken herself from me
Forever abandoned
Eyes held open
The bitter taste of blood and sweat
The emptiness
That suffocates a final breath
Endless silence
That dulls the pain beneath her skin
Her vacant eyes watching the blood that's running thin
She tasted eternity its kiss like a last goodbye
She's taken herself from me
Forever abandoned
