On broken knees I'll crawl
To taste the blood spilled from your veins
Like suicide, bloodlust and blasphemy we die
bloodlust and blasphemy we die
bloodlust and blasphemy we die

Let the angels above me
pour their wrath down upon me
Let the angels above me
pour their wrath down upon me

Face down
I'm drowning
The bitter taste of blood and sweat
You have become my salvation
Take me as your sacrifice

Bloodlust and blasphemy we die
Bloodlust and blasphemy we die

Let the angels above me
pour their wrath down upon me
Let the angels above me
pour their wrath down upon me
Let the angels above me
pour their wrath down upon me

(Instrumental)

Let the angels above me
pour their wrath down upon me
Let the angels above me
pour their wrath down upon me
Let the angels above me
pour their wrath down upon me
Let the angels above me(LET THE ANGELS ABOVE ME)
Pour their wrath down upon me
Let the angels above me(LET THE ANGELS ABOVE ME)
