Choke back the lies that you've been fed(choke back the lies)

Bleed for your ignorance, suffer and die for it

Choke back the lies that you've been fed(choke back the lies)

Bleed for your ignorance, suffer and die for it

We are the dead, nothing left to bleed

Too numb to feel a fucking thing

To blind to see, they are the ones that took our eyes

Forcing morality upon the masses longing to believe

Their suffering was not entirely in vain

Choke back the lies that you've been fed(choke back the lies)

Bleed for your ignorance, suffer and die for it

Choke back the lies that you've been fed(choke back the lies)

Bleed for your ignorance, suffer and die for i

With every breath we pray to die

Lost faith in God and suicide

We've closed our eyes, now give us something to believe

Our salvation, man made doctrine

The blind will lead the blind into the open arms of Hell

Choke back the lies that you've been fed(choke back the lies)

Bleed for your ignorance, suffer and die for it

Choke back the lies that you've been fed(choke back the lies)

Bleed for your ignorance, suffer and die for it

Spoken:

Lay down your lives with dignity,

Don't lay down in the fears and agony

Your stepping into to death is not some accident

It's just stepping over into another place

Don't be this way

Stop this hysterics

This is not the way for us to die  
We must die with some dignity

We are the dead, nothing left to bleed  
Too numb to feel a fucking thing  
Too blind to see, they are the ones that took our eyes  
Forcing morality upon the masses longing to believe  
Their suffering was not entirely in vain

Choke back the lies that you've been fed(choke back  
the lies)  
Bleed for your ignorance, suffer and die for it  
Choke back the lies that you've been fed(choke back  
the lies)  
Bleed for your ignorance, suffer and die for it

Spoken:  
I tell you I don't care how many screams you hear  
I don't care how many anguished cries  
Death is a million times preferable  
Than ten more days in this life  
If you knew what was ahead of you, if you knew what  
was ahead of you  
You'd be glad to be stepping over tonight  
I know! I know! I know!  
I call on you to stop this nonsense,  
I call on you to quit exciting your children  
When all they're doing is going to quietly live  
I call on you to stop this now, if you have any respect at  
all  
No more pain, after all, no more pain  
All we're doing is laying down our life  
We're not letting them take our life, we're laying down  
our life  
We're sick of these lives, we just want peace  
Take our lives from us  
We're laying it down, we got tired  
We didn't commit suicide, we committed an act of  
revolutionary suicide  
Protesting the conditions of an inhumane world
