You've got to believe,

You better do it,

Believe

'Cause you'll be fine,

Believe!

You've got to believe,

I didn't sleep at all last night

I didn't feel all right!..

I'm sure it's something that's not wrong

Something I can fight,

I'll scale my mountain

to the top

And make this singin'

never stop

No fear or doubt

There's one way out

You've got to believe,

You better do it,

Believe

'Cause you'll be fine,

Believe!

You've got to believe,

You better do it,

Believe

A golden box,

I've found and hide,

My little heart's inside,

be careful handle it with care

Don't be afraid to dare

I'll scale my mountain to the top

And make this singin' never stop

No fear, no doubt

There's one way out

You've got to believe

You better do it

Believe

Cause you'll be fine

Believe!

You've got to believe

You better do it

Believe

A white clean paper on my hands,

to write my destiny

I've made my way

through circumstances

and let my voice fly free

and let my voice fly free

â€|you know ,

you 've got to believeâ€|
