Jesus pure truth, recollect my mind
Hurt that I push down
Shows my anger why
I can't go underground

Everything I bury
Gets exhumed I gotta dig deeper
And all the things I bury
Gets exhumed I gotta dig deeper

I must get used
To strength out of weak
Becoming by what I give
Not by what I can keep exposed before You

Everything I bury
Gets exhumed I gotta dig deeper
And all the things I bury
Gets exhumed I gotta dig deeper

How can I hide deeper?
How I fly deeper in You
How can I hide deeper?
How I fly deeper in You

How can I hide deeper?
How I fly deeper in You
How can I hide deeper?
How I fly deeper in You

How can I hide deeper?
How I fly deeper in You
How can I hide deeper?
How I fly deeper in You

How can I hide deeper?
How I fly
Gotta dig deeper
