Chasing these shadows, around this darkened room
I've layed here so long, I don't even want to move
I need a minute now, to heal
I need a minute now, to remember how to feel

Whenever you're gone away
The darkness hides the day
Whenever you're gone
The bleeding won't stop
It hurts 'til you come back

Everything goes black
Everything goes black

I reached for you and I need you to be there
All alone, chasing the shadows
I don't want the pain, but I'd rather hurt than not care
It's so hard, you've been away from here
I need a reason now, to heal
I need something, to believe in
I need a reason now, to remember how to feel

Whenever you're gone away
The darkness hides the day
Whenever you're gone
The bleeding won't stop
It hurts 'til you come back

Everything goes black
Everything goes black

Give me something to believe in
I still believe in you

But if you're never here, and I'm left all alone
Tell me what am I supposed to do!

Whenever you're gone away
The darkness hides the day
Whenever you're gone
The bleeding won't stop

It hurts 'til you come back

Everything goes black
Everything goes black

Everything goes black
Everything goes black
