Every brick  
And every stone  
Of the world we made  
Will come undone in a fire

If I can feel you here with  
me ee ee eh,

In my sleep  
I call your name  
and then I wake me  
To touch your face, 'cause I

I need to feel you here with  
me ee ee eh,

You can stop the aching,  
'Cause you're the one I need

I will burn  
I will burn for you,  
With fi i ire and fury  
Fi i ire and fury

My heart hurts  
My heart hurts for you,  
Your love burns within me  
With fi i ire and fury

If I freeze  
You are the flame  
You melt my heart  
I watched it rain, I know

You always have the best of me,

Destiny's got a hold on me  
Guess I never knew love like  
Love knows me, 'cause I  
I'll need to feel you here with me!

I will burn  
I will burn for you,  
With fire and fury  
Fire and fury

My heart hurts  
My heart hurts for you,  
Your love burns within me  
With fire and fury

Let it all fall down to dust  
'Til it breaks the two of us  
We are safe in strength and love

You can stop the aching  
'Cause you're the one I need

I will burn  
I will burn for you,  
With fire and fury  
Fire and fury

My heart hurts  
My heart hurts for you,  
Your love burns within me  
It burns! It burns! It burns! It burns!

Your love burns within me  
With fire and fury
