Your touch, your ways
Leave me dumb without reason
Your love, my cage
My prison so pleasing
I spend my days
Tangled in thoughts of you
Stuck in this place
Resigned to be your fool

I thirst no longer
Drenching my soul
Pour out like water

You're my only infatuation
Don't leave me stranded
In my obsession
My purpose, my possession
Live and die in my obsession
My obsession

Oh

Come down to me
Don't ever say that it's over
I kiss your feet
Worship the air you breathe
Your love, my gift
You go and I will follow
My dream, my wish
Don't leave me here so helpless

I thirst no longer
Drenching my soul
Pour out like water
You're my only infatuation
Don't leave me stranded
In my obsession
My purpose, my possession
Live and die in my obsession
My obsession

Am I a lunatic?

I'm going crazy
For just a word from
For just a touch from you

And I'm exploding like chemicals
I'm going crazy, can't get enough [2x]

I thirst no longer
I thirst, yeah
Drenching my soul
Drenching, oh

I thirst no longer
Drenching my soul
Pour out like water

You're my only infatuation
Don't leave me stranded
In my obsession
My purpose, my possession
Live and die in my obsession
Oh, oh, oh, my obsession
Oh, oh, oh, my obsession
My obsession
