"One"

Love me like no other
You have been the Savior of my life
You know my weakness
But see me beautiful through Your eyes

And You're the One that I need
The One who makes me complete
And You're the One who is strong
When I am crying and weak
And You're the One that I love
The One who never gives up
And You're the One that I need
You're the One, You're the One

Love me like no other
You make it easy for my heart to believe
And when I'm drowning
You're on the way to rescue me

I carry on without knowing how
I've never needed how I'm needing now

You're the one

Love me like no other
You're the one
