I ask Him when will I be free
He said, "I am"
Asking Him when will I change
He said, "No matter now, no matter now"

Saturn has a ring around it
You can never see it with your eyes
Saturn has a ring around it
Many moons know this to be true

You ask Him, how can you be real
He said, "You'll be"
Knowing Him how you do
Now He says, "Rest in this, rest in this"

Saturn has a ring around it
You can never see it with your eyes
Saturn has a ring around it
Many moons know this to be true

Saturn has a ring around it
You can never see it with your eyes
Saturn has a ring around it
Many moons know this to be

Saturn has a ring around it
Which you can never see it with your eyes
Saturn has a ring around it
Many moons know this to be

Heaven has a ring around it
The angels sing a song over You
Heaven has a ring around You
If You don't see it know that it's true

Heaven has a ring around it
The angels sing a song over You
Heaven has a ring around You
If You don't see it know that it's true

If You don't see it know that it's true
If You don't see it know that it's true

If You don't see it know that it's true
