And the future's robbing my soul
I'm face to face with my futility
And my life is slipping away
Inhaling my mortality

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
And I'm about to evaporate

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
Oh, a vapor

And I feel my skin's just a shell
Underneath is my reality
I breathe dimensions unknown
It conquers my mortality

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
And I'm about to evaporate

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
Oh, a vapor

It's a mad, mad world
Will it ever stop?
Will the madness end?
While my body decays
My soul does not
Death is just the beginning

And the future's
Robbing my soul
Inhaling my mortality

I'm a beep, I'm a vapor

I'm just a blinking light
I'm a beep, I'm a vapor
And I'm about to evaporate

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
Oh, a vapor

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
And I'm about to evaporate

I'm a beep, I'm a vapor
I'm just a blinking light
I'm a beep, I'm a vapor
Oh, a vapor

A vapor, a vapor
A vapor, a vapor

[Incomprehensible]
[Incomprehensible]
Oh, God [Incomprehensible]
I'm a vapor
