Talking to God
Hearing what He wants
He moves in violence
I stand in silence

Who can question You, who can fathom You?
In Your presence, who can stand?
And world's spin around and kings crumble down
There's no escape what You've planned

Wind's approaching
Clouds are forming
God in his power
Is swirling around me

He calling me, and You know my name
So jump in or be taken, yeah, I can't
Run long enough, or go far enough
To escape the screaming rain

It's alright, it's alright
Jump in the whirlwind, I'm letting go
It's alright, it's alright
Jump in the whirlwind, I'm letting go

My world's at stake
I want to break
Stop the striving
Start the dying

I'm thrown into it, it's so imminent
There's no arguing what you say
I gotta keep fanning it, I keep fanning it
I keep fanning the fire to flames

It's alright, it's alright
Jump in the whirlwind, I'm letting go
It's alright, it's alright
Jump in the whirlwind, I'm letting go
It's alright, it's alright
Jump in the whirlwind, I'm letting go

Master and Savior
Sustainer and Creator
You move in power
And winds and thunder

It's alright, it's alright
Jump in the whirlwind, I'm letting go
It's alright, it's alright
Jump in the whirlwind, I'm letting go

It's alright, it's alright
Jump in the whirlwind, I'm letting go
Letting go, I'm letting go
I'm letting go, I'm letting go
