If I wasn't here tomorrow
Would anybody care
If my time was up I wanna know
You were happy I was there
If I wasn't here tomorrow
Would anyone lose sleep
If I wasn't hard and hollow
Then maybe you would miss me

I know I'm a mess and I wanna be someone
Someone that I like better
I can never forget
So don't remind me of it forever

What if I just pulled myself together
Would it matter at all
What if I just try not to remember
Would it matter at all
All the chances that have passed me by
Would it matter if I gave it one more try
Would it matter at all

If I wasn't here tomorrow
Would anybody care
Still stuck inside this sorrow
I've got nothing and going nowhere

I know I'm a mess and I wanna be someone
Someone that I like better
I can never forget
So don't remind me of it forever

What if I just pulled myself together
Would it matter at all
What if I just try not to remember
Would it matter at all
All the chances that have passed me by
Would it matter if I gave it one more try
Would it matter at all

I know I'm a mess and I wanna be someone
Someone that I like better

Can you help me forget
Don't wanna feel like this forever...forever

What if I just pulled myself together
Would it matter at all
What if I just try not to remember
Would it matter at all
All the chances that have passed me by
Would it matter if I gave it one more try

If I live tomorrow
Would anybody care
Stuck in this sorrow
Going nowhere

All the chances that have passed me by
Would it matter if I gave it one more try
Would it matter at all
