Many years have passed  
And it seems like you forgot  
Forgot it all  
But for me it was  
Like a ghost living inside  
While I harvested my hatred

A last regret  
Will it come from you?  
I think it wont

A last regret  
Will it come from you?  
It won't come at all  
Your persevered pride  
Was always by your side  
(Your only friend)

You have never known  
What feelings are and what  
What are they for

A last regret  
Will it come from you?  
I think it wont

A last regret  
Will it come from you?  
It won't come at all

If you look at me now  
Maybe you ll know  
What I was I'm not anymore

And you would know  
Something that  
You should've known about  
A long time ago

A last regret  
Will it come from you?

I think it wont

A last regret  
Will it come from you?  
It won't come at all  
Actually I don't care
