I sit and wait  
While you fight this man  
You taste when kissing me  
I use this time  
To pace through our days  
Before our life begins  
Then you see that I'm your god  
Corrupt your soul  
And let the blood flow

You can't find peace  
Without my persistence  
I break the resistance  
I see in you  
There's no release  
Without my incredible resilience  
To your will to grieve

Believe in me  
I won't crush your beauty  
I'll just lick it clean  
Don't try to fall  
'Cause I'll crawl  
But when you hold it there I'll show  
Devastation I will hide  
Dreaming life right by your side

You can't find peace  
Without my persistence  
I'll break the resistance  
I see in you  
There's no release  
Without my incredible resilience  
To your will to grieve  
(repeat 2x)
