Lies

When I see your face I despise

28 years gone by

Pictures to remind me, that you weren't there for me

Cries

See your face in my eyes

Looking through your eyes

Nothing to remind me, cause you weren't there for me

Bleed through the mouth of your spine (2x)

Coward

I hate myself for loving you

Coward

I hate myself for loving you

Coward

I hate myself for loving you

You leave me selfless

I hate myself for loving you

I blame myself for loving

I hate myself for loving

You leave me selfless

Bleed through the mouth of your spine (2x)

I hate myself for loving you

I blame myself for loving you
