Mammoth bitch holds Gyney down forces him to
perform cunnilingus on her
Snizz
Quivering clitoris open gash, like a roast beef
sandwich, tongue probing
Force finger fucking her ecstasy makes him queasy,
she used no masengil or
Summers eve
Her pussy spews cottage cheese no vagisil for the
yeast, gonorrhoea or herpes
If he makes in out alive gynelotramin he'll proscribe.
He wants to stop but she grinds his face into her
diseased box he barfs all
Over her crab filled crotch the warm puke turns her on
Puss cums, piss squirts, lumpy jizz, rotten fish
Climactic quake from the raunchy beaver the flapping
beef creates a breeze
Catch a wiff of the toxic emission it hits him she
sputters and splatters
The juice in his face
Her slice is rotten, his mouth is frothing contagious
STD's contracted
Orally
The cooter sandwich malignancy, the gaping chasm is
made of beef
Senses evaporated, taste buds annihilated he is
cuntaminated.
Cuntaminated
