Nothing will ever change my ways

I'm living on something that's better than Jesus...what gives?

Nothing will ever change the way

I'm tripping on something that's better than Jesus...What gives?

Now I'm leaving and my faith has turned to Blood

Now I'm leaving and my faith has turned to dust

Now I'm loosing faith

Now I'm loosing strength

Now I'm loosing strength

Now I'm loosing faith and blood

Nothing will ever change

Always seems to fall

Always seems to fall away

Nothing will ever change
