All the love I give to you
You take away
And all the love you bring to me
I take away

Release the pain
From all the love that I give
Don't take away
From all the love that I give

Yeah, I've been through denial
Yeah, I've been self-deprived
What will it take...
What will it take...
Of my friends?
Of my friends?
Of my friends?
Of my friends?

I've been through denial
I've been self-deprived
What will it take to feel again?

No, you can be working on me
Don't take away
All the love that I give

Yeah, I've been through denial
Yeah, I've been self-deprived
What will it take...
What will it take...
Of my friends?
Of my friends?
Of my friends?
Of my friends?

I've been through denial
Yeah, I've been self-deprived
What will it take to feel again?

I've been through denial
I've been self-deprived

What will it take to feel again?
Of my friends?
All the love I give
Of my friends?
All the love you give
Of my friends?
All the love I give
Of my friends?
All the love you give
Of my friends
All the love I give
Of my friends
All the love you give
Of my friends
All the love you give
Of my friends
Of my friends
