Am I disabled to you?
What's my dysfunction to you?
Open your eyes and kill me
World war inside of my head

You feed this hatred burning inside me
Yeah, I took her off them, a weight of life, oh
Oh, won't you let me take you for granted?
Just fuck it away!

Now father, can you hear me?
God damn it, help me, help me
Dear mother, can you feel me?
Just call me, spoken to me

Am I broken in this part of me?
Am I worth this war inside my head?
Just fuck it away!
Just fuck it away!

Am I disabled to you?
Am I disabled to you?

Am I broken?
Am I worth this?
Am I broken?
Am I worth this?
This motherfucking race
You breed a race of hate
You breed a race of hate
You breed a race of hate

Am I disabled to you?
What's my dysfunction to you?
What's my dysfunction to you?
What's my dysfunction to you?
Am I disabled to you?
What's my dysfunction to you?
I work the same as you do
