What does it take to be a man?
The complex of a little man
When your life ain't so perfect
When your pain comes to surface

Want you... want you to be yourself
But you don't even know yourself
Don't even like yourself
Pain comes to surface when you...
Pain comes to surface when you...
Complex of a little man
Complex of a little man

Pain comes to surface
Pain comes to surface
Life ain't so perfect
When your pain comes to surface

Want you... want you to be yourself
But you don't even know yourself
Don't even like yourself
Pain comes to surface when you...
Pain comes to surface when you...
Complex of a little man
So blind you don't understand

Pain comes to surface
When pain comes to surface
Your pain comes to surface
And your life ain't so perfect any more, yeah!

Come on... bitch
Come on... watch the motherfucker burn
Come on... bitch
Come on... watch the motherfucker burn

Come on... what does it take to be a man?
Come on... watch the motherfucker burn

So come on, what does it take to be a man?
With your complex of a little man
And your life ain't so perfect

When your pain comes to surface
