Leave me the fuck alone
Because i don't want you here.

The're no memories worth dying for
when nothing ever goes our way
and tomorrom never comes to say that
everything will be the same

Because it feels like I'm on my knees.

Did you turn into the little girl that
everyone thought you'd be
when the devils in the city of Angels
never wanted you to be free

Because it feels like I'm on my knees.

Turn arround and give me an answer
what do you want from me
i can't stand my own reflection
i just don't want to see
all the pain and all the stress that i've been living in
I just want to get away from here
Because i don't know
what you want from me
Because it feels like I'm on my knees.

Turn arround and give me an answer
what do you want from me
Because i don't know
what you want from me
Because it feels like I'm on my knees.
