Put on your Mac, put on your heels
From point-blank range you shoot to kill, yeah
Wonder if you know how I feel
Like it's just you and me in here, yeah
Hello kitty you're so pretty, how are you alone?
I've been plottin' on how I'm gon' get you home
I'm not the one you wanna love,
I'm not the one you trust
But baby I swear you've got the cuffs, yeah

I need a leash, I'm a dog
Need a leash, I'm a dog
I need a leash, I'm a dog
Need a leash, I'm a dog
Make me stop runnin' round round
Gotta make me sit down down
Girl I think you're the one one
To stop me from turning to a beast
I'm a dog, I need a leash
I'm a dog, need a leash
I'm a dog, I need a leash
I'm a dog

So what you sayin now, you wanna hit and roll
I'm stuck inside of a hole in your pillow
You wanna see me more, well at least I hope
Just stay right there baby, and don't let me go
Hello kitty you're so pretty, how are you alone?
I've been plottin on how I'm gon get you home
I'm not the one you wanna kiss and hug
Cause I'm gonna leave
But baby I know you got the keys, yeah

I need a leash, I'm a dog
Need a leash, I'm a dog
I need a leash, I'm a dog
Need a leash, I'm a dog
Make me stop runnin' round round
Gotta make me sit down down
Girl I think you're the one one
To stop me from turning to a beast
I'm a dog, I need a leash

I'm a dog, need a leash
I'm a dog, I need a leash
I'm a dog

Lock me inside your heart
Throw away the key
And I don't ever wanna hear about it
Come put my muzzle on
Cover round my eyes
All I need to see is your body
I'll be a girl's best friend, loyal to the end
Sex you're giving to me
You got me so down on my knees
They say it's best for society

I need a leash, I'm a dog
Need a leash, I'm a dog
I need a leash, I'm a dog
Need a leash, I'm a dog
Make me stop runnin' round round
Gotta make me sit down down
Girl I think you're the one one
To stop me from turning to a beast
I'm a dog, I need a leash
I'm a dog, need a leash
I'm a dog, I need a leash
I'm a dog
