i don't care  
he just sits there staring at my sexy  
says he swears but i doubt seriously he loves me  
he touches me like he cannot be without me  
talks and we don't be deeper than my face my ass my  
hops my ties

i know i am more than a kiss much more than a kiss  
kiss  
and if you can see that then you can more than just kiss  
kiss much more than kiss kiss  
you can kiss my ass

looking at the wrong things  
don't spend all that sucking like you're the grown man  
you can see more than my hips much more than my hip  
you can kiss my  
(repeats)
